The Honorable Chris Murphy
Chairman
Subcommittee on Homeland Security
Committee on Appropriations
SD-131
United States Senate
Washington, D.C. 20510

The Honorable Katie Britt
Ranking Member
Subcommittee on Homeland Security
Committee on Appropriations
SD-128
United States Senate
Washington, D.C. 20510

Dear Chairman Murphy and Ranking Member Britt,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2024 Homeland Security appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

MARK R. WARNER
United States Senator

**Warner, Mark(D-VA) Homeland Security
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Hampton, Virginia	Funding will be used to develop a feasibility level design for a floodgate and pump station at Tide Mill Lane in Hampton, Virginia that will help maintain access to and from Langley Air Force Base during flood conditions.	City of Hampton VA	\$3,000
City of Portsmouth, Virginia	Funding will be used to construct a pump station at Lake Cohoon with a water main connection at the Pitchkettle Road pumps station to provide redundancy and resilience to the raw water supply to the Lake Kilby Water Treatment Facility in the City of Suffolk, Virginia.	City of Portsmouth VA	\$4,500
City of Virginia Beach, Virginia	Funding will be used to build a Critical Operations Facility to house staff and personnel during normal daily operations and during disasters in the preparation, monitoring, and recovery stages of an event in Virginia Beach, Virginia.	City of Virginia Beach VA	\$2,500
Franklin County, Virginia	Funding will be used to acquire a 750 kW generator that will be connected to an existing school building in Franklin County, Virginia to serve as an emergency evacuation and general shelter for the community.	Franklin County VA	\$705
Stafford County EDA	Funding will be used to develop a sustainable statewide flood sensor network to help better predict the exact timing and location of flood events throughout Virginia.	Stafford County VA	\$3,000
